Excellent babysitter/cook available for a new family. Betelhem has worked for us for the past three years, caring for our youngest child and cooking lots of delicious meals. Kind, fun, honest, hard-working, well educated, fluent English, pleasure to have in our home. Contact with reference questions, fitzinaddis@gmail.com, or call Betelhem directly, 0911-193681."

Bizunesh has been our primary cook and secondary housekeeper. She is smart and takes initiative; and is very caring. (For instance, when we were away and our cat tore his hind legs on the razor wire, she immediately got a contract taxi and took the cat to the vet.) Her cooking repertoire includes Indian, Chinese, Thai, Middle Eastern, and Western dishes; and she is also an excellent baker. She has catered our many dinners and brunches very well. Her English comprehension is excellent and she is able to follow recipes with wonderful results. She manages the kitchen and all grocery shopping. You would be very lucky to have her work for you. If interested, please contact her at: 0911918052.

Rahel is an excellent housekeeper and is also a cook. She was an excellent nanny for our daughter when she was younger and needed her. Rahel has developed the skill of anticipating our needs

and thinking my

things through. She organizes and packs for us when we travel. She too is a very good cook and can cook Indian, Chinese, Thai, Middle Eastern and Western dishes. If interested, please contact her at: 0912481687

Employment

We are looking for a young dynamic person with good English to be a playmate/nanny for our four-year old son. The position does not need to be full-time so might suit a student, but we are happy to offer full-time employment also. The main criteria are good spoken English and a sense of fun, if you know of anyone currently (or soon to be) available, please do let us know. Very many thanks, Anne n0911 510 695

Asres is a math teacher who has been tutoring our 14 year old daughter, Kaylah. Unfortunately we are leaving the country to return to South Africa, and thus cannot proceed using his services.

Over the past few months, I could see an enormous improvement in

daughters' understanding and love for maths. Asres has the ability to motivate and inspire someone to understand and excel in mathematics. He loves this subject and transfers that passion and knowledge to his students.

I write this letter with great pleasure and confidence in Asres and I would highly recommend Asres to anyone that is need of assistance in the subject of mathematics.

He is a disciplined, precise and punctual person and an excellent teacher, with the rare ability to teach, to motivate and inspire a person to excel in maths, at any level.

Asres is also fluent in Amharic and English. Jacques Otto jacquesotto@ymail.com
